

**KIM OANH NGUYEN-LAM  
GARDEN GROVE UNIFIED SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**KIM OANH NGUYEN-LAM**

**AGE: 44**

**OCCUPATION:** Parent Volunteer/Professor of Education

I have had more than 25 years of teaching experience at the elementary, middle, high school, and university levels. As a parent of two boys, I have served on various Garden Grove school site councils and parent-teacher-school-staff organizations. I was president of the La Quinta High School PTSSO during the 2002-2004 school years and was active on many district committees as well.

I believe that GGUSD has committed teachers, staff, students, and parents who deeply care about the whole child as well as their achievement. However, the current "one-size-fits-all" educational concept continues to leave many students behind. Working together, we can make learning meaningful and exciting for all students.

To ensure success for all students we must:

Develop more positive working relationships between schools, families, and communities;

Provide safe schools through stronger partnerships with law enforcement and community organizations; and

Attract more resources for high quality afterschool enrichment programs.

I believe in a balanced education that provides our children opportunities to develop to their fullest potential. With your vote, we can work together to make GGUSD an outstanding school district!
